

A man and a woman in business attire are looking at a laptop in a modern office setting. The man is seated and pointing at the screen, while the woman stands behind him, also looking at the screen. The office has large windows in the background, and a desk lamp is visible on the right side of the desk.

Power PDF customers

“We have saved about \$70,000 thanks to Power PDF. This is a substantial saving for us. When you combine this with the extensive PDF capability we have gained, I can honestly say that Power PDF was the right solution for our firm. If you are searching for PDF capability, then Power PDF is definitely worth considering.”

Shane Doak, Knowledge Resources Manager
Harwood Andrews

“Power PDF is helping us transform the way we work. Our processes are now far more digitally orientated and less labour intensive. As a result, not only are we more efficient and our processes more streamlined, we have also considerably decreased the amount of paper we use”

Andy Hopkins, Manager ICT
Kensington Swan

“Nuance Power PDF has been a breath of fresh air for us. I have no hesitation in saying that I believe it offers all the capability we require and is one of the most sophisticated PDF solutions on the market, but at a very competitive price tag”

Mark Campbell, IT Operations Manager
PPB Advisory

“Overall, I'd have to say that Power PDF really does deliver value for money. The cost differential is significant, and when you add to this the extensive capability of the product and the peace of mind that comes with the brand, Power PDF is certainly worth considering.”

Richard Banfield, IT Manager
Dimension Data

“... Another big plus for us is that Power PDF turns static files into ‘live’ forms so that digital signatures can be added. Our partners often have to sign countless documents which can now be done quickly and easily thanks to this feature.” “Unlike other PDF solutions, it is remarkably well priced given the feature rich menu of capability that it provides.”

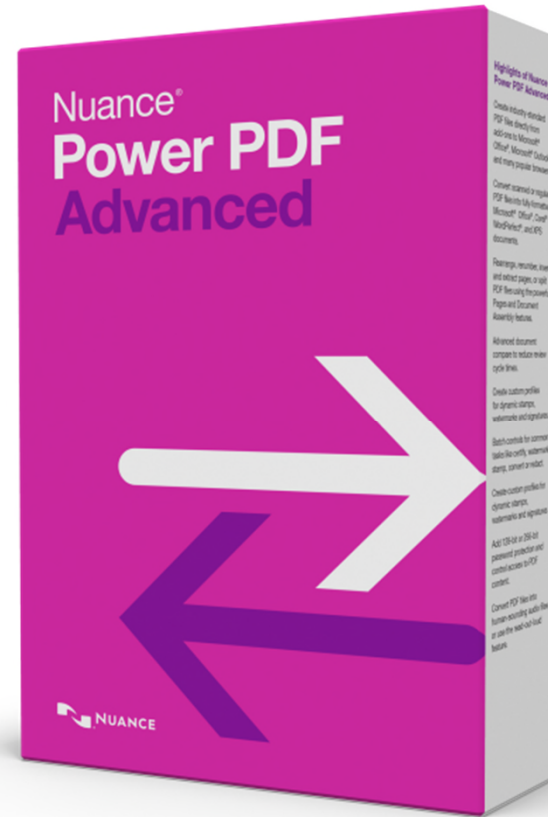

Andrew Stott, Technology Services Supervisor
Hall & Wilcox Lawyers

“It's very easy to use, offers all the functionality that a business needs and it works day in, day out without any hassles. In fact, I don't believe we have ever had to call Nuance's tech support for any issues. Their software is very simple to integrate, intuitive and highly reliable, which is exactly what busy, small to medium businesses need”

Sebastian Culbert, Head of Operations
BCP Marketing
